MEET THE GOOD CITIZENS

TIMO

The OG Good Citizen, Timo is the founder and principal photographer at the brand. Having shot images for half his life, and weddings for a large fraction of that, speed and quality is the guarantee he brings to the table.

When not out shooting or sitting at the table blitz-editing your images back to you in record time, you can find Timo out honing his green fingers, pruning his plants in his indoor garden.

STEPH

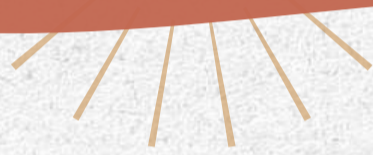

Stephanie recently joined the cool gang as an associate. Once upon a time, she took Photography in UCLA but never took the leap of faith to jump into photography as a profession. But here we are today.

Besides photography, Stephanie is truly a good citizen as she is also involved in many nonprofit organizations and is a proud wife, mum to one (so far) and pawrent to two.

REVIEWS

Timo and Steph were easy-going, spontaneous and professional. Being the first time we were going on a photoshoot, my fiancée and I felt totally comfortable and at ease throughout. We were amazed at Timo and Steph's creativity and they pushed us out of our comfort zones to create fun memories. Truly an amazing experience! We love how the photos turned out!
